ON THE SPOT

ROBERT KAYE
MANAGING PARTNER
AT KAYE & BENDER

How long has your firm been in Pompano Beach?

We moved to Pompano Beach from Fort Lauderdale last October. So we're new to Pompano Beach, though the firm's been in existence since 1992.

What kind of law do you practice?

We represent community associations, condominium and homeowner's associations primarily. We represent approximately 700 communities.

What do you like about Pompano Beach?

Pompano Beach is a beautiful city. It offers all the amenities that are necessary for both residents and businesses. It's centrally located to where our client base is. We've made it our home; it's very comfortable.

What's a special talent you wish you had?

That I was able to survive on less sleep. There's always something going on that requires attention, and there doesn't seem to be enough time in the day.
